## SUBURBAN TRADITIONAL

Cities across America are surrounded by quaint neighborhoods of stately Colonials, humble post-war Bungalows and sprawling Ranches. These tree-lined streets inspired the Suburban Traditional Palette – established color combinations that befit traditional residential architecture and blend well with suburban landscape. Not to mention make yours the best looking home on the block.

## REDUCING OUR IMPACT ON THE ENVIRONMENT

Your neighborhood Sherwin-Williams® paint store has paints that have less impact on our environment, are GREENGUARD Certified and are great for your home. GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. Visit [ul.com/gg](http://ul.com/gg) for more information.

## The inside scoop on the exterior

Bringing color to the outside of your house can have a tremendous effect on your home's value and curb appeal.

### Things to keep in mind:

- Coordinate paint colors with existing features of your home such as your roof and any brick or stone accents you may have.
- Look for colors that harmonize with your surrounding landscape and neighborhood. Or use any of our color palette collections to find combinations appropriate for the architecture of your home.
- Add splashes of color by highlighting details such as doors, shutters, and architectural elements. Keep in mind light colors can add size, while dark color can inject drama.

There are thousands of colors in the world.

**It's time to embrace them.**
